- Flow-Pur filters are interchangeable with most competing RV filters, cutting down on inventory costs.
- High quality filter media for high performance!

Finding The Right Filter Is

# Easy As

## Flow-Pur® RV-PRO 10,000 Softener

Protects plumbing and appliances wherever you go!

Enjoy clean, soft water for 10 to 20 days costing only pennies a week to operate! With just one box of common table salt, the RV-PRO 10,000 softens up to 1,000 gallons at 10 grains of hardness per cycle and regenerates in under 40 minutes. Flow-Pur double hose shut-off valve eliminates manually switching the inlet and outlet hoses to regenerate, making it the most user friendly, competitively priced RV water softener on the market today!

### Features

- One compact portable unit (8 x 22")
- Uses only 2 lbs. of table salt per regeneration
- Non-electric manual operation with no buttons or moving parts
- High capacity resin with 10,000 total grain removal capacity
- Unique "Y" ball valve makes regenerating a snap!
- Hardness strips included

**FP10GT**  
 Inline Carbon Replacement Filter cartridge with 1/2" threaded fittings.

**FP10GKC**  
 Inline GAC/KDF Replacement Filter cartridge with quick connect fittings. Inhibits bacteria growth. Interchanges with other name brand #2 filters.

**FP10GKT**  
 Inline GAC/KDF Replacement Filter cartridge with 1/2" threaded fittings. Inhibits bacteria growth. Interchanges with other name brand #3 filters.

**FP10GKTUC**

**FP12GE-RV**  
 Economical Exterior Water Filter, designed for the weekend or occasional camper. GAC to reduce chlorine, volatile organic chemicals, taste and odor and sediment.

**POE12DSA1DKF**

The Flow-Pur Ultimate Dual Water Filter System reduces most contaminants and installs outside of the coach or boat to the water supply hose.

**F560021**  
 10" Sediment Filter Twin Pack. 10 micron, high holding capacity, for city or well water. Maximum temperature 140°F/60°C.

**FP-WP100**  
 Winterizing Bypass Plate. Fits all standard 10" and 5" housings. Economical stainless plate lasts forever. No tools needed for installation and removal.

**FH4200WW12**  
 Replacement Housing with 1/2" opening with threaded female connector.

**POE12GHGACB**  
 The Flow-Pur Single Water Filter System installs outside of the coach or boat to the water supply hose. This system filters the entire water supply.

# Increase Visibility... Increase Sales.

4 Foot End Cap "Premium Starter Package"

**10 Minute Quick-Start Training Session For Your Staff Included!**

**3 Simple Steps To Effortlessly Increase Your Filter Business!**

"We listened and learned from our Flow-Pur rep... we stock the product, ask for the sale, use the fit chart and now average 100 cartridges at a 3-4 day rally."

-J. MARTINEZ, RV MEDIC, TAMPA FL

"Our service writers have increased Flow-Pur cartridge sales by a few hundred percent, simply by asking our service customers if they want a replacement... results are similar in-store when we ask for the sale..."

-MIKE PROVOST, NORTH TRAIL RV CTR., FT. MYERS, FL
