Freight Terms: All prices are FOB factory. Full freight is allowed on shipments of \$1,500 or more within the continental U.S.A. Such allowance is based on the lowest motor carrier transportation rate. Terms for export shipment will be provided on request.

Terms of Sale: All sales are F.O.B. shipping point.

Payment Terms: Invoices are due and payable 30 days from the date of invoice.

Purchase Order Forms: Orders submitted on the Purchaser's own purchase order forms will be accepted only with the express understanding that no statements, clauses or conditions contained in said order form will be binding on the Seller if they in any way modify the Seller's own terms and conditions of sales.

Minimum Order Requirements: Minimum order requirements are \$100 net.

Special Products: Orders for special or modified products are non-cancelable. In the event that the customer cancels an order for such products, Watts shall charge the customer an amount equal to Watts' costs and expenses incurred in performing the purchase order prior to receipt of notice of cancellation.

Partial Shipment: The Seller reserves the right to make partial shipments from time to time and render invoices therefor which shall be due and payable in accordance with stated payment terms.

Delays: The Seller shall not be liable for any loss, damage, or delay occasioned by any causes beyond the Seller's control, including, but not limited to governmental actions or orders, embargoes, strikes, differences with workmen, fires, floods, accidents, or transportation delays.

Rejection of Shipments: If the Purchaser is unable or unwilling to accept any shipment, the Purchaser shall be liable to the Seller, in addition to any other rights to which the Seller may be entitled, for freight, express, storage, extra cost of handling, and other expenses incurred thereby.

Taxes: The amount of any present or future sales, use, occupancy, excise, or other tax, federal, state or local, which the Seller now, or hereafter shall be legally obligated to pay, either on its own behalf or on behalf of the Purchaser or otherwise, with respect to the material covered by this order or contract, shall (unless the prices contained herein are stated expressly to include such tax) be added to such prices and paid by the Purchaser. Purchaser agrees to report and pay any tax direct on non-exempt transaction, in case Seller's invoices do not indicate a charge therefor.

Limited Warranty: The Seller warrants each HydroGuard T/P e700 series valve to be free from defects in material and workmanship under normal usage for a period of one year from the date of original shipment. The Seller further warrants the internal tempering mechanism to be free from defects in material and workmanship under normal usage for a period of five years from the date of original shipment. The Seller warrants all other equipment manufactured by it to be free from defects in material and workmanship under normal usage for a period of one year from the date of original shipment. In the event of such defects within the applicable warranty period, the Seller will, at its option, repair or replace the product without charge.

The remedy described in the paragraph above shall constitute the sole and exclusive remedy for breach of warranty, and the Seller shall not be responsible for any incidental, special or consequential damages, including without limitation, lost profits or the cost of repairing or replacing other property which is damaged if the product does not work properly, damages or other costs resulting from labor charges, delays, vandalism, negligence, fouling caused by foreign material, damage from adverse water conditions, chemicals, decomposition by galvanic action, or any other circumstances over which the Seller has no control. This warranty shall be invalidated by any abuse, misuse, misapplication or improper installation of this product.

THE WARRANTY SET FORTH HEREIN IS GIVEN EXPRESSLY AND IS THE ONLY WARRANTY GIVEN BY THE SELLER WITH RESPECT TO THE PRODUCTS. THE SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED. THE SELLER SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Some states do not allow limitations on how long an implied warranty lasts, and some states do not allow the exclusion or limitation of incidental or consequential damages. Therefore the above limitations may not apply to you. This Limited Warranty gives you specific legal rights, and you may have other rights that vary from state to state. You should consult applicable laws to determine your rights. **SO FAR AS IS CONSISTENT WITH APPLICABLE STATE LAW, ANY IMPLIED WARRANTIES THAT MAY NOT BE DISCLAIMED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO ONE YEAR FROM THE DATE OF ORIGINAL SHIPMENT.**

Purchaser's Remedies: IN NO EVENT SHALL THE SELLER BE LIABLE, IN CONTRACT, TORT, STRICT LIABILITY, OR UNDER ANY OTHER LEGAL THEORY, FOR INCIDENTAL, INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES, REGARDLESS OF WHETHER IT WAS INFORMED OF THE POSSIBILITY OF SUCH DAMAGES, AND IN NO EVENT SHALL THE SELLER'S LIABILITY EXCEED AN AMOUNT EQUAL TO THE SALES PRICE OF THE PRODUCTS. THE FOREGOING LIMITATIONS SHALL APPLY TO THE FULLEST EXTENT PERMITTED BY LAW.

Shortage Claims: Claims for shortage or incorrect filling of orders must be made within 15 days from the date of delivery.

Return Goods Policy: No material shall be returned without authorization. When credit is issued it will be at the price charged, or prevailing price if lower, less handling charges based on costs of reconditioning, boxing, etc. However, a minimum 25% handling charge will apply. A minimum handling charge of \$20.00 is applied whenever the 25% handling deduction does not total \$20.00. Products which are obsolete or made to special order are not returnable.

Returned Material Procedure: Customer Service will provide a Return Material Authorization (RMA) number, which must be written on all shipping label(s) of the returned material. Material received without an RMA number may be refused and returned to the sender at the sender's expense. When calling or faxing to request an RMA number, the following information will be necessary:

- Seller invoice number and/or sales order number
- Seller part number
- Seller product description
- Quantity of material to be returned
- Reason for return—be specific
- All returns must be shipped freight prepaid

All returned material is subject to inspection by the Seller and should be returned in original unopened shipping cartons or suitably packed to prevent damage in transit.

Customer Support:

For Customer Service: (978) 689-6066; Monday through Friday, 8:00 AM to 5:00 PM EST. Fax number (978) 975-8350.

For Technical Support: (800) 669-5430; Monday through Friday, 8:00 AM to 5:00 PM CST. Fax number (847) 229-0526.

Note: Prices and terms are subject to change without notice and supersede all previous quotations. The Seller reserves the right to change or modify product design or construction without prior notice and without incurring any obligation to make such changes and modifications on products previously or subsequently sold. Weights are not guaranteed but are shown only for the Purchaser's reference.

Governing Law: These terms and conditions shall be governed by, construed, and enforced in accordance with the laws of the Commonwealth of Massachusetts, without giving effect to its choice of law rules. All disputes under these terms and conditions shall be resolved exclusively by courts located in the Commonwealth of Massachusetts.

Special order and non-standard material is non-cancelable and not returnable.

ALL MTO PRODUCTS ARE NON-RETURNABLE

A **WATTS Brand**

All Series 900 Pressure Balancing Mixing Valves include integral check/service stops, adjustable handle rotation limit stop, reversible inlets for back-to-back installation, four-port connections, and reliable poppet/diaphragm cartridge construction.

A **WATTS** Brand

Series PB410 HydroGuard® Pressure Balancing Valves

The series PB410 HydroGuard® features heavy, cast brass construction, a poppet type equalizing valve which offers a distinct advantage: it will not stick because of lime build-up or foreign particles in the supplies. The adjustable metal-to-metal temperature limit stop prevents accidental scalding caused by our adjustment of the handle. It also features integral checkstops, back to back and shallow installation. PB410 series is listed to ASSE 1016-P and certified to CSA B125 standard.

HydroGuard® T/P Series e420 Valves

All HydroGuard T/P® shower valves feature advanced thermal actuator compensate for both temperature and pressure fluctuations. A built-in adjustable metal-to-metal temperature limit stop reduces chance of accidental scalding due to the over adjustment of handle. Heavy cast brass body, integral checkstop, durable brass faceplate, lever-type handles, and corrosion-resistant material provide years of trouble-free service. ASSE 1016 T/P listed and CSA B125 certified.

TempTAP™ thermostatic faucets feature solid brass construction and an advanced thermal actuator to provide the latest in thermal protection. TempTAP™ faucets automatically mix hot and cold water and deliver pre-set water within a specific range. TempTAP™ thermostatic faucets are listed to ASSE 1070, IAPMO cUPC and certified to NSF/ANSI 61 Section 9 Annex G. They also meet the activation requirements of ADA.

HydroGuard® XP Series LFMM430 Supply Fixtures

How to Determine the Price of a Supply Fixture

Determine the base price by looking in the first two columns of this chart, under "Valve and Pipe Finish." This price includes the valve and standard piping kit, dial thermometer, and a standard temperature range motor. If a cabinet, a high or low temperature motor or an optional piping kit is required, add the list price shown below to the base price.

Valve only

LEAD FREE*

The Lead Free HydroGuard® water tempering recirculating loop is an economical way to provide a safe, balanced system for stand alone master tempering valves. The system monitors return line temperature and automatically directs water to the cold side of the tempering valve (if within the set point) or to the hot water source (if below the set point).

Powers' High Capacity Systems are fully assembled and factory tested. They are designed to provide safe tempered water throughout commercial and institutional facilities. They consist of LFMM434 and LFSH1434 HydroGuard® XP thermostatic tempering valves. Each system includes ball valves, thermometers, pressure gauges, triple-duty check valves and PRV. Each system is supported by heavy-duty welded struts. Piping configuration is bottom inlets and top outlets.

The IntelliStation™ is a digital water mixing station and recirculation system providing user-directed control and monitoring of water distribution system. IntelliStation™ includes an electronic control module featuring a color touch screen digital display to select desired outlet water temperature, an electronically actuated valve, temperature sensors (plus a quick response temperature sensor), pressure sensors and check valves. The IntelliStation™ monitors hot supply inlet temperature, hot supply pressure, mixed outlet temperature, mixed outlet pressure, return temperature, and return pressure to help maintain the desired outlet temperature. IntelliStation™ also features a user programmable high temperature Sanitization mode to help limit water-borne bacteria as part of a user-directed and controlled thermal eradication protocol. Each IntelliStation™ is mounted on heavy-duty, welded struts as a complete unit. Optional equipment includes engineer specified circulator, flow/BTU package and strainers. The IntelliStation™ Control Module supports building automation system (BAS) communication with BACnet® IP, BACnet® MSTP, and Modbus® protocols, allowing remote programing and data viewing.
